# **INTRODUCTORY SECTION**

November 30, 2022

Members and the Board of Trustees  
Iowa Municipalities Workers' Compensation Association

Ladies and Gentlemen:

The Annual Comprehensive Financial Report of the Iowa Municipalities Workers' Compensation Association (IMWCA or the Association) is hereby respectfully submitted. This report was prepared internally by Iowa League of Cities (League) staff. Responsibility for the accuracy of the presented data and all disclosures rests with the management of IMWCA. We believe the enclosed data, as presented, is accurate in all material respects; that it is reported in a manner designed to present fairly the financial position and results of operations of IMWCA; and that all disclosures necessary to enable the reader to gain an understanding of IMWCA's financial activities have been included.

### **The Reporting Entity and its Services**

The Iowa Municipalities Workers' Compensation Association (IMWCA or the Association) has insured workers' compensation exposures of municipalities in Iowa since July 1, 1981. Municipalities currently include cities, counties, 28E entities comprised of cities and counties, and other political subdivisions. IMWCA was created under Chapter 28E of the Code of Iowa. The purpose of Chapter 28E is to "permit state and local governments in Iowa to make efficient use of their powers by enabling them to provide joint services and facilities with other agencies and to co-operate in other ways of mutual advantage."

The Association has one main group in which business is written, referred to as the Standard Group (formerly Group C). There is one additional group, Group B, in which no new business is written, but consisted of those municipalities that joined the Association between July 1, 1988 and June 30, 1989 and agreed to issue bonds to cover catastrophic losses. The 181 members of Group B were obligated to remain in the Association until July 1, 1997 when the bond obligation terminated. Claims arising from the period July 1, 1988 through July 1, 1997 were funded by the reserves and equity of Group B. In fiscal year 2003, the IMWCA Board approved the liquidation of Group B. An actuarial analysis was completed to determine the potential remaining liabilities for Group B. Group B then paid the Standard Group to assume the administration and remaining liabilities of Group B. The Group B members may now retain coverage as part of the Standard Group. Group C had consisted of those municipalities that had joined the IMWCA since July 1, 1989. The initial group of municipal members was identified as Group A, and received coverage for claims occurring between July 1, 1981 and June 30, 1988. This group was liquidated on December 31, 1997. On July 4, 2004, IMWCA began the third-party administration of claims for entities under contract, which involves handling the administration of all claims for the contracted entities. The Association collects an administration fee while the contracted entity retains all claim risks and costs. The third-party administration is referred to as Group D, of which there are six member entities. In fiscal year 2007, a large deductible program, referred to as Group E, was offered by IMWCA. The large deductible program consists of a member entity paying a reduced premium based on a rate determined by actuarial analysis and retaining a larger portion of risk up to a specified deductible amount. There are currently two member entities in the large deductible program.

In fiscal year 2012, IMWCA began tracking Chapter 411 claims separately. These claims were previously included in the Standard Group. Adjustments were made in fiscal year 2012 to move all associated revenue and costs for prior years' claims from the Standard Group to the Chapter 411 Group. The Chapter 411 Group is referred to as Group G.

The purpose of the IMWCA as a self-insured risk association is to provide a stable, affordable alternative to the standard insurance market. To meet this purpose, IMWCA uses stringent underwriting guidelines and prudent financial management, which protect the integrity of the Association and its members' interests. Thus, IMWCA is dedicated solely to serving the needs of its member municipalities.

A nine-member Board of Trustees, all of whom are elected or appointed officials of member entities, represents the members of the IMWCA. Board members are elected by members of the Association for three-year terms. The responsibilities of the Board include establishing policies and procedures, authorizing contracts for the Association, and reviewing the Association's financial performance.

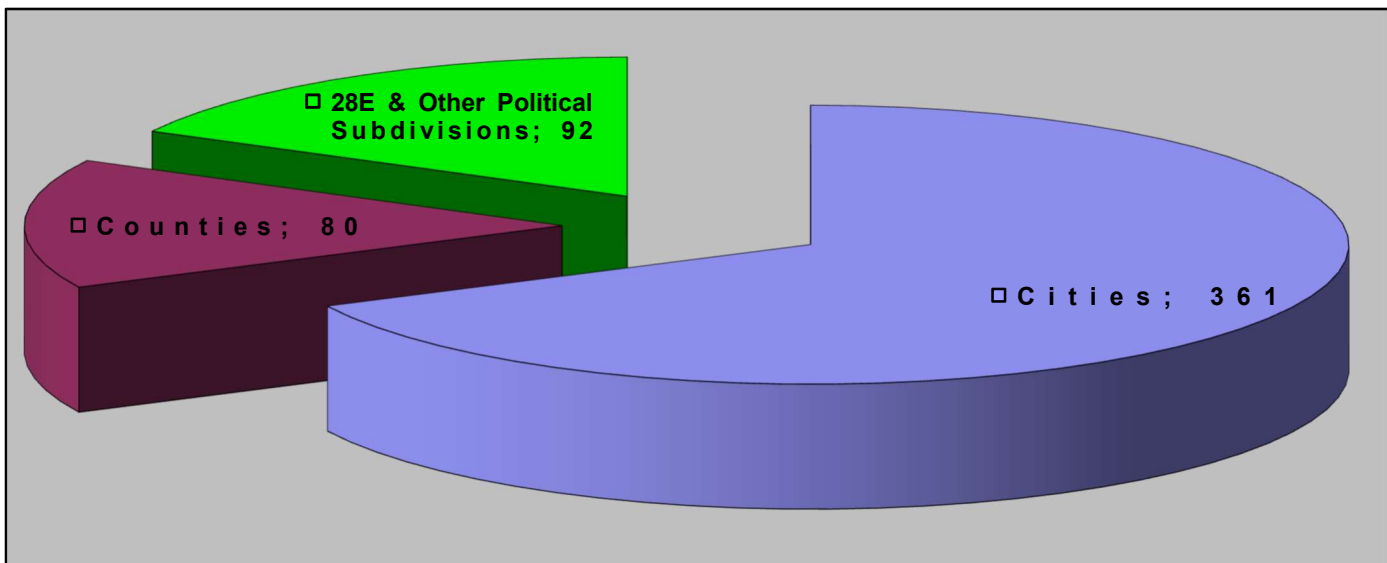

IMWCA is currently reinsured with Safety National Casualty Corporation (SNCC) and NLC Mutual Insurance Company (NLC-MIC, a member owned captive reinsurance company). Each reinsurance carrier covers a specific layer of reinsurance risk. The previous reinsurer from July 1, 2006 to June 30, 2012 was SNCC and prior to July 1, 2006 was NLC Mutual.

### Economic Condition and Outlook

Since the Association's inception, membership has grown to 533 members as of June 30, 2022. Member net premiums in 2022 approximated \$17.6 million.

#### Total Membership 533

■ Cities ■ Counties ■ 28E & Other Political Subdivisions

In past years, membership growth had slowed due to increased competition from the traditional insurance marketplace and the maturation of the IMWCA product due to limited potential members for entities which IMWCA can legally provide coverage. In response, the Association followed an ongoing aggressive marketing strategy. In fiscal years 2001, 2002, and 2003, membership grew 14%, 18% and 14%, respectively. This growth was due primarily to the economic downturn and deteriorating loss experience that caused traditional insurance carriers to dramatically increase rates, whereas IMWCA had only slight rate increases. Membership growth slowed in fiscal years 2004 through 2011, increasing only 1% each year. Fiscal years 2012, 2013, and 2014 showed slightly improved growth rates of 2%, 4%, and 3%. For fiscal years 2015 through 2022, IMWCA has averaged a 1% annual membership growth rate. The Association continues to stress its mission statement to keep the communities of Iowa working, helping foster a true culture of safety by providing workers compensation coverage and risk management resources to our cities, counties, and government entities, along with its values of excellence, integrity, innovation, courage, selfless, fun and passionate.

## **Major Initiatives**

### *General Administration*

IMWCA has an administrative agreement with the Iowa League of Cities (League) to provide management, accounting, claim administration, underwriting, loss control, and marketing services. Management constantly analyzes the claim and financial data of the Association to watch for trends or vital information that may affect the performance of IMWCA. Since claims and claim adjustment expenses are the largest expenditure of the Association, League staff carefully analyze the claim losses and provide loss control services to help members mitigate future losses.

### *Underwriting Services*

The underwriting process of the Association consists of risk analysis, pricing, coverage issuance, and a variety of other closely related services. League staff controls the underwriting process, including the initial rating and underwriting of coverages. In conjunction with interested cities, counties, 28E entities, and other political subdivisions, the dedicated underwriting analyst hired in 2018 and other staff work with local agents to obtain payroll information, provide proposal comparisons, and rate the cost of the coverage. Then, League staff underwrite the workers' compensation coverage and once coverage is awarded, work with local agents to coordinate the transition of coverage. The accounting staff then invoices and collects members' contributions.

In fiscal year 2004, IMWCA implemented the underwriting software NavRisk along with historical premium data conversion. In fiscal year 2015, Pericura underwriting and experience modification factor promulgation software was implemented. This system is a comprehensive underwriting system with communication capabilities utilized by underwriting. The software provides extensive and better reporting tools, user-friendly interfaces, the ability to separate coverages, and the ability to charge premium more appropriately based on losses.

The Association has continuously worked to offer enhancements to coverage as follows:

- Municipal utility coverage - allows a city-operated utility to obtain workers' compensation coverage separately (1992)
- Appointed and elected official coverage - provides members the ability to add board members, council members, mayors, and boards of supervisors to their workers' compensation coverage (1993)
- Pyrotechnician coverage - allows a municipality to provide coverage for personnel certified to work with fireworks (1994)
- Discount-rating plan - offers discounts on workers' compensation premium based on number of years in the program, loss experience, and loss control compliance (1995)
- Chapter 411 firefighter and police officer medical-only limited coverage endorsement – allows a municipality that participates in the disability retirement program for full-time firefighters and police officers (mandated for municipalities with a population greater than 8,000 by Chapter 411 of the Code of Iowa in lieu of workers' compensation coverage) to provide medical-only coverage (1996)
- 28E entity coverage – allows 28E entities comprised of cities and/or counties governed under a separate body to join IMWCA (1998)
- Other political subdivision coverage – legislative language change allows other political subdivisions to join IMWCA (2000)
- Non-statutory volunteer endorsement – allows a municipality to provide medical-only coverage for non-statutory volunteers (2000)
- Large deductible program– offers larger municipalities the option to enroll in a large deductible workers' compensation program with deductible levels beginning at \$25,000 (2000)
- Third party administration of claims – offers contracted entities the administration of claims by the professional IMWCA claims staff for a fee while the contracted entity retains the risk and pays all claim costs (2005)
- Good member experience bonus – given to those members in good standing who have had an experience modification factor of less than a specified amount for the previous three years with IMWCA and who are not on the RMAP list (2006)
- Company Nurse – day of injury telephonic reporting pilot project (2007)
- Company Nurse – implemented day of injury telephonic reporting for entire membership (2009)
- Return To Work Now – implemented web-based program allowing members to manage return to work for employees (2010)
- Online University – implemented online training program with core courses, a portion of which have been approved for continuing education credits (CEUs) for water, wastewater and solid waste operators (2010)
- Discretionary Credit program – given to new members not yet eligible for the good member experience bonus who meet specific criteria (2010)
- Discretionary Debit program – debit given to new members with a slightly higher risk assessment that have demonstrated willingness to comply with IMWCA loss control criteria to improve loss experience (2011)
- Chapter 411 medical-only coverage endorsement - providing medical-only coverage to participants in the Municipal Fire and Police Retirement System of Iowa (MFPRSI) was amended to remove the limitations of \$250,000 per occurrence or two years from the date of injury for all claims occurring on or after July 1, 2010 (2011)
- Pharmacy benefits program – program to reduce prescription drug costs and to improve convenience and safety for injured workers by providing pharmacy cards to the injured workers allowing filling of prescriptions without worrying about billing (2019)
- Online access to electronic documents for members and agents (2021)

The Association continues to work to improve coverage for its member entities.

During fiscal year 2022, IMWCA received applications for membership coverage from 21 public entities that were not members of the Association. Of those 11 entities that received quotes, 5 elected to join IMWCA.

### New Applications and Members

\* The number of new quotes released in years prior to 1993 is not available.

### Marketing Services

IMWCA is aggressively marketing to retain and expand membership through a variety of tools. The Association contracts with County Risk Management Services (CRMS) to market workers' compensation to interested counties through the network of local agents. IMWCA also has a communication and engagement manager responsible for educating members and potential members on the Association's purpose and the advantages of membership in IMWCA. The communication and engagement manager is working to build strong relationships with members and agents while coordinating all marketing efforts.

In 1993, the Association began publishing a quarterly newsletter called *The Informer* which provides information about recent board initiatives, risk minimization techniques, and tips on various workers' compensation topics. League staff began publishing the newsletter on a bi-monthly basis in 1997. In fiscal year 2007, this newsletter was published electronically to expand readership and reduce costs.

IMWCA formed an Agent Advisory Committee in 1999 to bring local agents together to collect ideas and initiatives to be used in the marketing process. This Committee has worked with staff as necessary in order to enhance coverages and foster relationships with local agents. In 2000, the Agent Advisory Committee worked to enhance the non-statutory volunteer endorsement, Crisis

Communication plans, and the communication and explanation of benefits on how a claim is processed. The Agent Advisory Committee will now be activated as needed to make recommendations and bring new ideas regarding agents and marketing to the Association.

An IMWCA marketing brochure was also introduced in 1999, discussing the history of IMWCA and the principles on which it was founded. The brochure listed the advantages of becoming a member of IMWCA over traditional insurance for Iowa public entities. This brochure was used by local agents to market the program and was developed with the input of the Agent Advisory Committee. In 2004 and 2014, the marketing brochure was redesigned and updated. This redesigned brochure is currently being used by IMWCA and local agents to market the program. In 2020, a marketing study was undertaken to establish a strategic storyline containing strategic elements of the IMWCA organizational brand story. This provides a guideline for outward facing communications.

Throughout its history, IMWCA has sponsored and coordinated risk management workshops and training for public entities in Iowa. Any public entity employee in Iowa may attend for a fee, while IMWCA members attend free or at reduced cost. The various workshops are a marketing opportunity for introducing non-members to IMWCA membership benefits. The workshops that have been offered in the past include the following:

- Becoming an Effective Safety Coordinator Workshops
- Bottom-Line Workshops
- Excavation Safety Workshops
- Ergonomics Workshops
- Experience Modification Factor Workshops
- Fit-Force Workshops
- Hazardous Communications Workshops
- Injured Again! Now What?: Workers' Compensation Claims Unlocked (PSAP)
- Joint IMWCA/Iowa Communities Assurance Pool (ICAP) Loss Control Conference– Began in 1997
- Law Enforcement Fitness Training Workshops
- New Member Orientation Workshops – Began in 2001
- One Day Safety University – Began in 2008
- OSHA Workshops
- Public Safety Fitness Workshops
- Return to Work Now and Online University Workshops
- Right-To-Know Workshops
- Safety for Public Health Employees Workshops
- Self-Audit Workshops
- Slip and Fall Workshop
- Solid Waste Operator Workshop – Began in 2012
- Supervisors' Safety Awareness Training Workshops
- Winter Regional Workshops
- Wood Chipper Safety Workshops
- Workplace Violence Prevention Workshops

### Risk Management Workshops/Training

<i>Fiscal Year</i>	<i>Workshops Held</i>	<i>Total Participants</i>
1994	1	75
1995	4	150
1996	5	175
1997	4	135
1998	9	255
1999	16	277
2000	13	287
2001	40	583
2002	21	420
2003	9	380
2004	12	400
2005	13	414
2006	5	175
2007	6	219
2008	15	213
2009	3	135
2010	9	230
2011	9	221
2012	12	307
2013	18	473
2014	20	380
2015	19	546
2016	10	310
2017	10	267
2018	9	243
2019	1	105
2020	1	110
2021	1	90
2022	1	75

IMWCA has continued to give presentations on workers' compensation issues to various interested organizations at their request. These presentations include:

- Active Shooter – Member Entities
- Challenges of Insurance in 2000 – IMWCA/Iowa Communities Assurance Pool (ICAP) Loss Control Conference
- Committing to a Culture of Safety – Northwest Iowa League of Cities
- Dealing with Emergencies at Solid Waste Facilities – Northwest Iowa Firefighting Training Conference
- Dealing with Employees with Multiple Claims – Member Entities
- Defensive Driving – Member Entities
- Designated Physician and Return to Work Benefits – Member Entities
- Developing a Safety Culture – Member Entities

Ergonomics and Employer Responsibilities – Iowa Municipal Finance Officers Association (IMFOA) Conference  
Employment Law – Member Entities  
Engineer's Office Coordinator Conference  
From Compliance to Best Practices – Iowa County Engineers Association  
How to Play it Safe with Workers' Compensation – Iowa Municipal Professionals Academy  
I'm In Charge of What? – Iowa League of Cities Conference  
Insurance Coverage for Local Government – Iowa Municipal Finance Officers Association (IMFOA) and Iowa Association of Regional Councils (IARC)  
Iowa Department of Natural Resources Environmental Management system Workshop  
Law Enforcement Fitness Training – Member Entities  
Managing Workers' Compensation Costs – Iowa Municipal Management Institute Annual Conference  
Personal Protective Equipment – Iowa Society of Solid Waste Operations/American Public Works Association Conference  
Personal Safety Action Plan – NLC-RISC Annual Conference  
Safe Driving – Iowa Public Works Expo  
Safety and Loss Control – NLC-RISC, Northeast Iowa Wastewater Association, Public Health Nurses Association  
Self Auditing – Member Entities  
Supervisors' Safety Awareness – Member Entities  
Workers' Compensation - City Clerk's annual meeting  
Workplace Violence – Hawkeye Chapter American Society of Safety Engineers (ASSE)  
Why Do You Need the Non-Statutory Volunteer Endorsement? – Member Entities

In fiscal years 2012 and 2021, IMWCA reconfigured and updated its website at [www.imwca.org](http://www.imwca.org) to be more user-friendly and provide better information to the public.

#### *Safety & Risk Improvement Services (formerly Loss Control Services)*

Safety and risk improvement is the process through which members' risks are identified, analyzed and minimized. This is perhaps the most significant key to reducing IMWCA's claims expenses. Safety and risk improvement services are provided internally by the Safety & Risk Improvement Manager and Representatives on League staff. At the end of 1998, the full-time Loss Control Representative position was created to expand loss control services and educational opportunities for members. In 2007, the Loss Control Coordinator/Manager position was added to coordinate and oversee activities and allow more site visits to members for the loss control division. In fiscal year 2015, an additional Loss Control Representative position was added to bring the loss control staff to four. To further loss control development, fiscal year 2009 saw two loss control staff members complete the Associate in Risk Management (ARM) designation through the American Institute for CPCU/Insurance Institute of America. In 2021, the loss control services name was changed to safety & risk improvement.

A Loss Control Advisory Committee, made up of interested and qualified representatives from the membership, was established to assist staff and make recommendations to the board regarding loss control issues. This Loss Control Advisory Committee remains active today when needed.

IMWCA's Board of Trustees adopted written loss control guidelines in 1994. These guidelines help in the following areas:

- To provide the IMWCA Board of Trustees and the Safety & Risk Improvement staff with an objective review of current Association risk activities, and
- To provide recommendations to the Board and staff in meeting the safety and risk needs of Association members regarding workers' compensation.

In fiscal year 2005, the Board ratified the high-risk member criteria and sanction process recommended by staff. This sanction process based upon specific criteria involved established steps for safety and risk improvement staff to follow in dealing with members who have extensive unfavorable loss history or have not followed safety and risk recommendations. The end result of this process can be a surcharge to premium, loss of discounts, or expulsion from the Association.

In fiscal year 2015, the Board shifted from the high-risk member criteria to an improved Risk Management Action Plan (RMAP) sanction process. The RMAP sanction process continues to be based upon specific criteria and established steps in dealing with members showing extensive unfavorable loss history or members who have not followed loss control recommendations. However, the process now identifies potential issues early so that safety and risk improvement staff can work with members before a punitive level is reached, creating a better situation for both the member and IMWCA. As a result of the RMAP process, members can potentially lose discounts, lose good experience bonus credits, have a surcharge to premium, or be non-renewed.

The safety and risk improvement staff assist members with claims control and minimization through on-site inspections, surveys, loss control workshops and personal loss control assistance. Priority for on-site inspections is determined by considering high risk members, members' area and population, claims records, and number of safety and risk recommendations made from previous inspections.

An on-site inspection involves the Representatives' examining the members' facilities, operations, and procedures and making written reports about their findings to the member, management, and the Loss Control Advisory Committee.

#### On-Site Inspections, Safety Committee and Member Contacts Performed, 1994-2022

The Association had maintained and updated a resource library of risk management presentations on video, DVD, and audio formats, which was free of charge to members of IMWCA. In fiscal year 2018, the library was discontinued as the topics are available through the Learn University online.

In 1999, IMWCA offered the opportunity for members to apply for safety grants to purchase safety equipment or training, such as personal protective equipment or safety belts. Interested members submitted applications, which were reviewed by the Loss Control Representatives and Committee. Eight members were selected to receive safety grants.

The Grant Opportunities and Loss Control Services (GOALS) Program replaced the grants in 2001 offering new members monetary grants to help implement needed safety and loss control programs recommended by IMWCA Loss Control staff. These funds were used for such loss control items as training costs, firefighter physical costs, ergonomics studies and producing ADA job descriptions.

In fiscal year 2009, the Best Practices program was implemented to recognize and reward members for improvements in safety and risk management by focusing on leading indicators, operating discipline and layers of protection that prevent incidents. In order to qualify, a member had to meet or exceed the Best Practices standards outlined in three key areas: underwriting, claims management and loss control. The member submitted documentation supporting the measurements and underwent a rigorous on-site evaluation. Upon achieving Best Practices status, the member was formally recognized at an official meeting and presented with a plaque suitable for display. A monetary award earmarked for further development of safety and risk management programs was also given based on the amount of premium paid. The Best Practices program was transformed in 2020 to the Safety Study Grant and Safety Innovation Award programs to encourage innovative ideas to improve member employee safety and share those projects reducing safety exposure and risk in the workplace.

#### **Best Practice/Safety Study Grant/Safety Innovation Awards by Fiscal Year**

<i>Fiscal Year</i>	<i>Number of Awards</i>
<b>2009</b>	4
<b>2010</b>	6
<b>2011</b>	7
<b>2012</b>	7
<b>2013</b>	7
<b>2014</b>	8
<b>2015</b>	8

<b>2017</b>	0
<b>2018</b>	0
<b>2019</b>	0
<b>2020</b>	4
<b>2021</b>	0
<b>2022</b>	3

The IMWCA Loss Control Division published *Safely Speaking*, a bi-monthly newsletter and poster for members' supervisory staff. This publication focused on safety issues in the workplace. This newsletter began electronic publication in fiscal year 2007 to increase readership and reduce costs. It was published

from 2007 through January 2013, after which *Safely Speaking* was combined with the previously mentioned newsletter *Informer*.

Fiscal year 2010 saw the implementation of Online University, an online training module with thirty core courses that could be used by only IMWCA membership free of charge for loss control training. In 2014 through 2017, the core courses were expanded to ninety-two. Online University became Learn University in 2021. Twenty-three of these core courses are currently pre-approved for continuing education credits from the Iowa Department of Natural Resources (DNR) and Kirkwood Community College for water/wastewater and solid waste operators.

The online core courses include the following topics:

- Accident Investigation
- Active Shooter Response for the Workplace
- Americans with Disabilities Act and ADA Amendments Act
- Aquatic Safety
- Arc Flash Awareness
- Asbestos Awareness
- Avoiding Collisions with Animals
- Avoiding the Crush Zone
- Back Safety
- Back Safety for the Office Environment
- Backhoe Safety with Trackhoe Supplement
- Basic Industrial Safety
- Behavior-Based Safety Training
- Bloodborne Pathogens
- Bloodborne Pathogens for Law Enforcement Officers
- Bulldozer Safety
- Compressed Gas Safety
- Confined Space Entry
- Covid-19 Questions and Answers
- Defensive Driving
- Defensive Driving – Refresher
- Discipline and Discharge
- Driving in Adverse Weather
- DOT Reasonable Suspicion - 1
- DOT Reasonable Suspicion – 2
- Dump Truck Safety
- Electrical Safety
- Emergency Evacuation & Egress
- Emergency Response in the Workplace
- Employee Safety Awareness
- Ergonomics for Supervisors
- Eye and Face Protection
- Fall Prevention
- Family and Medical Leave Act
- Fire and Explosion Hazards
- Fire Prevention

- First Aid & CPR Training
- Flagger Safety
- Forklift Safety
- Forming Effective Safety committees
- General Ergonomics
- Hand & Finger Safety
- Hand and Power Tool Safety
- Handling Extreme Conditions for Light Truck Drivers
- Hazard Communication
- Hearing Conservation
- HIPAA Privacy for Healthcare Plans and Employers
- Hydrogen Sulfide Safety Awareness
- Indoor Air Quality
- Indoor Crane & Sling
- Job Safety Analysis
- Job Safety Analysis for Supervisors
- Laboratory Safety
- Ladder and Scaffolding Safety
- Landscape Safety
- Lawful Hiring
- Lead Safety Awareness
- Lockout/Tagout
- Machine Guarding
- New Employee Orientation
- Occupational Disease Prevention for Firefighters
- Office Safety
- Operating Safety Committees
- OSHA Investigations and Inspections
- Performance Evaluation
- Personal Protective Equipment
- Power of Respectful Language
- Preventing Slips, Trips, Falls for Firefighters
- Preventing Slips, Trips, Falls for Law Enforcement
- Preventing Strains and Sprains
- Reasonable Suspicion for Drug and Alcohol Testing: Signs and Symptoms of Drug Use
- Respiratory Protection
- Road Grader Safety
- Safe Patient Handling
- Safety Awareness for Seasonal Employees
- Safety Data Sheets (SDS) Training
- Sexual Harassment Prevention for Employees
- Sexual Harassment Prevention for Supervisors
- Slips, Trips, and Falls
- Slower is Faster: Survival Skills for Law Enforcement Drivers
- Snowplow Safety
- Space and Time Management
- Spill Prevention and Control
- Street Sweeper Safety

- Supervisors Safety Awareness Program
- Survival Driving – Emergencies and Natural
- Survival Driving – Urban Driving
- Tailgate Topics – Distracted Driving, Intersections, Cell Phones, Safe Backing
- Tailgate Topics – Safe Following, Buckle Up, Drowsy Driving, Avoiding Accidents
- Tailgate Topics – Winter Driving, Emotional Driving, Driving Defensively
- Transitional Duty – Improving Your Return to Work Program
- Trenching and Excavation
- Uncovering Implicit Bias
- Wage and Hour Law for Supervisors
- Waste Management
- Welding, Cutting & Brazing Safety
- Winter Driving
- Working in Extreme Temperatures
- Working Outdoors in Warm Weather Climates
- Workplace Bullying and Violence Prevention
- Workplace Ergonomics
- Workplace Violence
- Work Zone Safety

Also in 2010, the Return to Work Now web-based program was started. This program allows members to manage and track employees throughout the claim cycle in conjunction with the Company Nurse reporting system. It also offers customizable, comprehensive job descriptions for all municipal employees, including suggestions for alternate/light duty assignments.

In fiscal year 2011, loss control staff developed a Personal Safety Action Plan (PSAP), intended to address repeat claimants by promoting safe behavior and eliminating repeat claims. This step-by-step PSAP provides a written plan to address specific issues with goals and objectives for the member and employee that are agreed upon and documented. In 2012, the Personal Safety Action Plan (PSAP) was made available to all members.

A Solid Waste Operator Safety Manual was also developed in 2011 with the assistance of four members who operate active solid waste landfills and made available online to members. This manual is a tool designed to assist members in identifying safety and health issues common to solid waste operations.

In fiscal year 2014, Risk Control Technologies loss control software was implemented to provide efficiencies in scheduling safety and risk activities and tracking paperwork through processes. It was updated to provide better statistical and user-friendly information in 2018.

#### *Human Resource Services*

In fiscal year 2017, IMWCA added a Human Resource Specialist to assist members and pool staff, especially loss control, claims, and management, with human resource matters to help better control workers' compensation exposures. The Human Resource Specialist has been busy assisting members and giving presentations on human resource workers' compensation issues to members and associated organizations. The presentations include:

Basic Responsibility of an Employer - Iowa League of Cities Conference

Dealing with Difficult People  
Establishing a Safety Culture  
Hiring and Problems Employees  
Hiring to Termination: Best Practices for a City - Iowa Municipal Professionals Academy  
HR Essentials for Cities without HR  
HR for Municipalities – Iowa Municipal Finance Officers Association (IMFOA)  
HR for Parks and Recreation – Iowa Association for Parks and Recreation  
Importance of Pre-Employment Physicals  
Local Government Employee Recruitment in Today’s World  
Managing the Problem Employee in a Small Town - American Public Works Association (APWA) Spring Conference  
Managing Your Risk as an Employer – Member Entities  
Pre-Employment physicals  
Return to Work Training  
Out of the Box Recruitment and Sexual Harassment – Member Entities  
OSHA/Safety/HR - SE Iowa Clerk Group  
Return to Work/Light Duty – Member Entities

### Human Resource Contacts and Visits Performed, 2018-2022

### *Claims Management*

Until 1996, IMWCA's claims were handled and adjusted by Alessis, Inc. In 1996, IMWCA brought claims adjustment and management in house to be administered by League staff. Combining marketing, member services, loss control, and claims service in-house provides opportunities for improved member services.

Since the inception of the Association, IMWCA has serviced over 62,748 claims, of which approximately 99% have been closed. On a monthly basis, a claims detail report is processed for each member, which the member and management use to review risk management and loss control activities. In fiscal year 2014, IMWCA moved to an electronic version of the claims detail report in which the member logs in and is able download and print the report for their entity only.

In 2001, IMWCA underwent a claims software conversion in order to obtain the ability to provide improved services to its member entities. This software provided better reporting tools and cost containment services, such as medical bill review, document imaging, electronic data interchange capabilities, and various other tools.

During fiscal year 2002, IMWCA increased the claims staff to four in order to better serve the members and to keep pace with member growth. The claims staff was again increased to five in fiscal year 2005 and six in fiscal year 2019.

In fiscal year 2007, the Association implemented a pilot program for telephonic injury reporting with Company Nurse. When an injury occurs, the employee of the IMWCA member calls Company Nurse, a call center staffed by registered nurses and medical professionals. The registered nurse provides first aid advice and directs the medical treatment to designated appropriate medical care sites. Company Nurse then fills out the First Report of Injury from the information given by the employee and electronically sends the report to IMWCA which is imported into the claim software for easy access. This process saves the IMWCA member time since they do not have to fill out the First Report of Injury and provides information to IMWCA in a timely manner. The telephonic injury reporting program was implemented for the entire membership in fiscal year 2009 after a successful pilot program.

### *Investments*

The Association's total assets are presently invested in U.S. Government Securities and certificates of deposits at federally insured depository institutions. From fiscal years 2010 through 2015, this percentage declined due to the difficulty in obtaining investment bids for public funds in the economic environment. However, in 2015, IMWCA began to obtain a significant number of public fund certificates of deposit. As of June 30, 2022, this was reduced and about 38% of the total assets were in such investments due to the extremely low interest rates for certificates of deposit as a result of the Covid-19 pandemic. The remainder of the Association's assets are in checking and savings accounts, which are covered under the state of Iowa's sinking fund. IMWCA is restricted to invest according to the Code of Iowa Section 12B.10 Public Fund Investment Standards.

The IMWCA investment policy adopted and updated periodically by the Board of Trustees states the types of investments the Association may purchase within the confines of Section 12B.10 of the Code of Iowa. The primary goals of this investment policy are the safety of principal, maintaining liquidity to

match expected liabilities, and obtaining a reasonable return on the investments in that order. The Association's investment portfolio is in compliance with the investment policy at June 30, 2022. Fiscal years 2002 through 2004 were especially difficult for investments due to lower interest rates on Governmental Securities. Fiscal years 2005 through 2008 resulted in increased investment income due to increasing interest rates and better management of cash flow and investments. Due to the economy in fiscal years 2009 through 2013, investment income decreased approximately 14%, 19%, 21%, 29% and 45%, respectively. This was the result of greater difficulty investing public money in appropriate investments and higher interest rate securities being called and replaced with lower interest rate investments. In fiscal years 2014 through 2017, investment income increased approximately 17%, 20%, 8%, and 15% due to IMWCA's ability to obtain more and higher rates on certificates of deposit coinciding with the use of a new investment firm. Fiscal years 2018 and 2019 showed 37.6% and 58.0% investment income growth due to higher rates and levels of cash to invest. In fiscal year 2020, IMWCA began the year with investment income growth, but due to the Covid-19 pandemic, toward year end, interest rates were significantly reduced along with investment income. In 2021 as a result of the Covid-19 pandemic the interest rates dropped, decreasing investment income by 36% as well as decreasing 22% in 2022.

### *2022 and Beyond*

The Association has continued to have financial success throughout its 41 years of operation. In fiscal year 2022, IMWCA showed a decrease in fund balance due primarily to increased claims costs and lower NCCI workers compensation rates affecting premium. The Association maintains a fund balance as a contingency for catastrophic losses.

One area where significant progress must continue is in individual members' loss prevention activities. The Association will work in conjunction with members to control losses by helping members to enhance and carry out their own risk management programs.

## **Financial Management and Control**

The 2022 Annual Comprehensive Financial Report reflects thirty-four years of the Associations' operations.

### *Internal Accounting Structure*

The internal League staff is responsible for administrating the Association's operations and is therefore responsible for establishing and maintaining internal controls. These internal controls are designed to (1) protect assets from loss, theft or misuse, and (2) ensure that accounting data compiled is adequate to allow for the preparation of financial statements in conformity with GAAP.

Internal accounting controls are designed to provide reasonable assurance, but are not expected to provide absolute assurance, that these objectives are met. The concept of "reasonable assurance" recognizes that the cost of a control should not exceed the benefits likely to be derived, and that the evaluation of costs and benefits requires estimates and judgments by management. Creating internal controls which provide absolute assurance is, in many cases, either impossible to do economically or impossible to do at all. All internal controls are designed with the above standards in mind. Management believes the Association's

internal accounting controls adequately safeguard assets and provide reasonable assurance of proper recording of financial transactions.

### *Relevant Financial Policies and Long-Term Financial Planning*

The success of the Association's strategic plan is closely tied to the development of long-term financial plans. The board and staff are continually seeking ways to provide stable and affordable rates for its member entities while identifying cost containment ideas to meet the goals and objectives of the strategic plan. The strategic planning process to plan for the long-term financial success of the Association is undertaken on a consistent biannual basis. In the past, the strategic plans have included long-term financial planning items such as developing benchmarks to help determine financial stability and studies on fund balance levels.

The board maintains a cash management program to ensure the safety, liquidity and maximum return on the funds entrusted to the Association. With this in mind, the IMWCA Board of Trustees adopted a written investment policy in November 1997. The Board continually reviews the policy and makes necessary changes. IMWCA considers safety of principal to be the foremost goal of all investment activities. In 2009 through 2013, this resulted in smaller than normal investment income amounts due to the type of investments required by the investment policy and the difficulty of obtaining investment returns in the current environment. In 2014 through 2019, investment income began to increase due to the ability to obtain safe investments at improved rates with higher levels of investable funds. In 2020, the Covid-19 pandemic began to affect the interest rate environment, which has caused decreased investment income through 2022.

The Association also develops a yearly budget that enables management to identify fiscal threats and to remain within expected expense constraints. During the budget process, IMWCA evaluates premium and discount rates and operating expense levels to determine that there will be sufficient revenue to pay the claims. The Association strives to maintain stable revenue to provide greater financial strength.

The board maintains a safety conscious policy by investing in and helping members to control losses. This policy has a significant impact on the claims of members and the financial statements of the organization.

## **Other Information**

### *Independent Audit*

RSM US LLP, independent auditors, has audited IMWCA's 2022 financial statements as included on pages 31 - 44. Their audit opinion, dated October 24, 2022, is included in the financial section of this report at pages 22 through 24.

In addition, Milliman, Inc. (Milliman), an actuarial consulting firm in Brookfield, Wisconsin, provides an independent analysis of IMWCA's financial stability. Milliman analyzed IMWCA's financial stability, loss reserves, administration, discount levels and overall performance for the 2022 fiscal year and recommended appropriate adjustments to unpaid claims estimates included on the financial statements.

*Certificate of Achievement for Excellence in Financial Reporting*

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to IMWCA for its annual comprehensive financial report for the fiscal year ended June 30, 2021. This was the twenty-third consecutive year that IMWCA has received this award. The Certificate of Achievement is a prestigious national award recognizing conformance with the highest standards for preparation of a state and local government financial report.

In order to be awarded a Certificate of Achievement, IMWCA published an easily readable and efficiently organized annual comprehensive financial report, whose contents conform to program standards. The Annual Comprehensive Financial Report satisfied both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to conform to the Certificate of Achievement program requirements, and we are submitting it to the GFOA to determine its eligibility for another certificate.

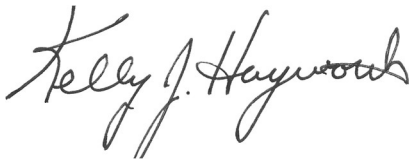

*Acknowledgments*

This report could not have been produced without the assistance of the IMWCA Board of Trustees and the Iowa League of Cities administrative staff. We also wish to thank the members of IMWCA for their continued commitment to pooling and efforts to control claims. Without their participation, IMWCA could not have achieved the financial strength necessary to help its members.

For more detailed information please refer to Management's Discussion and Analysis on pages 25-30 of the Annual Comprehensive Financial Report.

## Independent Auditor's Report

RSM US LLP

Board of Trustees  
Iowa Municipalities Workers' Compensation Association

### Report on the Audit of the Financial Statements

#### **Opinion**

We have audited the financial statements of Iowa Municipalities Workers' Compensation Association (the Association), which comprise the statements of net position as of June 30, 2022 and 2021, and the related statements of revenues, expenses and changes in net position, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position of Iowa Municipalities Workers' Compensation Association as of June 30, 2022 and 2021, and the changes in net position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

#### **Basis for Opinion**

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Association and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Responsibilities of Management for the Financial Statements**

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### **Auditor's Responsibilities for the Audit of the Financial Statements**

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Association's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control—related matters that we identified during the audit.

#### ***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that the information in the Management's Discussion and Analysis on pages 25 through 30, Notes to Required Supplementary Information Ten-Year Claims Development Information on page 45, and Required Supplementary Information Ten-Year Claims Development Information on page 46 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

**Supplementary Information**

Our audits were conducted for the purpose of forming an opinion on the Association's basic financial statements. The additional supplementary information on pages 47 through 49 is presented for purposes of additional analysis and is not a required part of the basic financial statements. The additional supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audits of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the additional supplementary information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

**Other Information**

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section on pages 1 through 21 and statistical section on pages 50 through 132 but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audits of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

**Other Reporting Required by Government Auditing Standards**

In accordance with *Government Auditing Standards*, we have also issued our report dated October 24, 2022, on our consideration of the Association's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Association's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control over financial reporting and compliance.

*RSM US LLP*

Des Moines, Iowa

October 24, 2022, except for our report on the additional supplementary information on pages 47 through 49, for which the date is December 2, 2022.

**IOWA MUNICIPALITIES WORKERS'  
COMPENSATION ASSOCIATION**

Management's Discussion and Analysis (Unaudited)

June 30, 2022 and 2021

Iowa Municipalities Workers' Compensation Association, referred to as the "Association," offers readers of our basic financial statements this narrative overview and analysis of the financial activities of the Association for the fiscal years ended June 30, 2022 and 2021. The Association encourages readers to consider the information presented here in conjunction with the basic financial statements, including the notes thereto.

**Financial Highlights**

*Year ended June 30, 2022*

- The total assets of the Association exceeded its liabilities at the close of fiscal year 2022 by \$69,195,681. Total net position decreased by \$3,333,080 during fiscal year 2022.
- The Association's total assets increased by \$1,331,682 from 2021 to 2022.
- Additions to capital assets during fiscal year 2022 were \$46,024, with total depreciation expense of \$54,961.
- The ending unrestricted cash and cash equivalents balance was \$61,371,378 for the Association at June 30, 2022.
- The investments, both current and noncurrent, held by the Association at the end of fiscal year 2022 totaled \$42,956,705, which were invested in accordance with the *Code of Iowa* Section 12B.10 Public Fund Investment Standards and the investment policy established by the Association's Board of Trustees.
- Various agency bonds and certificate of deposits matured during 2022 with most reinvested due to increasing interest rates for certificates of deposit. Due to continued lower investment balances and low interest rates, there was a decrease in net investment income of \$336,946 from 2021 to 2022. Interest earned on such investments reflects decreased returns of public fund certificates.

*Year ended June 30, 2021*

- The total assets of the Association exceeded its liabilities at the close of fiscal year 2021 by \$72,528,761. Total net position increased by \$2,019,162 during fiscal year 2021.
- The Association's total assets increased by \$1,806,621 from 2020 to 2021.
- Additions to capital assets during fiscal year 2021 were \$121,981, with total depreciation expense of \$17,698.
- The ending unrestricted cash and cash equivalents balance was \$59,821,201 for the Association at June 30, 2021.
- The investments, both current and noncurrent, held by the Association at the end of fiscal year 2021 totaled \$43,922,535, which were invested in accordance with the *Code of Iowa* Section 12B.10 Public Fund Investment Standards and the investment policy established by the Association's Board of Trustees.
- Various agency bonds and certificate of deposits matured during 2021 that were not fully reinvested due to extremely low interest rates for certificates of deposit, resulting in higher cash balances on hand. With lower average investment balances and low interest rates, there was a decrease in net investment income of \$1,236,170 from 2020 to 2021. Interest earned on such investments reflects decreased returns of public fund certificates.

## **IOWA MUNICIPALITIES WORKERS' COMPENSATION ASSOCIATION**

### **Management's Discussion and Analysis (Unaudited)**

June 30, 2022 and 2021

#### **Overview of Financial Statements**

This discussion and analysis is intended to serve as an introduction to the Association's basic financial statements. The basic financial statements are comprised of the statements of net position; statements of revenues, expenses, and changes in net position; and statements of cash flows. This report also includes notes to the financial statements that explain in more detail some of the information in the financial statements.

#### **Required Basic Financial Statements**

The Association's basic financial statements are designed to provide readers with a broad overview of its finances, in a manner similar to those used by private-sector business. These statements offer historical information about its activities.

The statements of net position include all of the Association's assets and liabilities and provide information about the nature and amounts of investments in resources (assets) and obligations to policyholders and creditors (liabilities). This statement also provides the basis for evaluating the capital structure of the Association and assessing the liquidity and financial flexibility of the Association. Over time, increases or decreases in the net position may serve as a useful indicator of whether the financial position of the Association is improving or deteriorating.

The statements of revenues, expenses, and changes in net position present the revenues and expenses of the Association. This statement measures the Association's operations over the years presented and can be used to determine whether the Association is covering its costs through member premiums and other revenue sources. Revenues and expenses are reported on an accrual basis, which means the related cash could be received or paid in a subsequent period.

The statements of cash flows report cash receipts, cash payments, and net changes in cash resulting from operating, investing, and financing activities. They also provide information as to the source of the cash, the type of activities for which the cash was used, and the change in cash balances during the reporting periods, including a reconciliation of operating income to net cash provided by operating activities.

The notes provide additional information that is essential to a full understanding of the data provided in the financial statements.

#### **Financial Analysis of the Association**

As noted earlier, increases or decreases in the net position may serve as a useful indicator of whether the financial position of the Association is improving or deteriorating. It is essentially a way to measure the financial health or position of the Association. The statements of net position and statements of revenues, expenses, and changes in net position report the net position of the Association and the changes therein. However, other nonfinancial factors such as changes in economic conditions and new or changed governmental legislation should also be considered.

**IOWA MUNICIPALITIES WORKERS'  
COMPENSATION ASSOCIATION**

Management's Discussion and Analysis (Unaudited)

June 30, 2022 and 2021

**Net Position**

A summary of the Association's condensed statements of net position at June 30, 2022, 2021 and 2020, is presented below:

*Condensed Statements of Net Position*

	2022	2021	2020
Current assets, investments and other assets	\$ 112,077,870	\$ 110,737,251	\$ 109,034,913
Capital assets, net	121,906	130,843	26,560
Total assets	<u>\$ 112,199,776</u>	<u>\$ 110,868,094</u>	<u>\$ 109,061,473</u>
Unpaid claims	\$ 39,346,538	\$ 35,075,914	\$ 34,775,553
Other liabilities	3,657,557	3,263,419	3,776,321
Total liabilities	<u>\$ 43,004,095</u>	<u>\$ 38,339,333</u>	<u>\$ 38,551,874</u>
Net investment in capital assets	\$ 121,906	\$ 130,843	\$ 26,560
Unrestricted net position	69,073,775	72,397,918	70,483,039
Total net position	<u>\$ 69,195,681</u>	<u>\$ 72,528,761</u>	<u>\$ 70,509,599</u>

The total assets of the Association at the 2022 fiscal year-end were \$112,199,776, an increase of \$1,331,682 over the previous year. This is primarily attributable to an increase in other assets and unpaid claims whereby operating revenues supporting claims incurred but not yet paid have been invested in cash and investments. Total liabilities increased \$4,684,762 primarily due to increases in claim liabilities and advance premium payments. The Association experienced increased claim severity and claim frequency. The impact of the changes in assets and liabilities resulted in a decrease to total net position of \$3,333,080 in 2022.

The total assets of the Association at the 2021 fiscal year-end were \$110,868,094, an increase of \$1,806,621 over the previous year. This is primarily attributable to an increase in other assets and unpaid claims whereby operating revenues supporting claims incurred but not yet paid have been invested in cash and investments. Total liabilities decreased \$212,541 primarily due to a decrease in accounts payable and accrued expenses partially offset by an increase in claim liabilities. The Association experienced increased claim severity, yet lower claim frequency. The impact of the changes in assets and liabilities resulted in an increase to total net position of \$2,019,162 in 2021.

**IOWA MUNICIPALITIES WORKERS'  
COMPENSATION ASSOCIATION**

Management's Discussion and Analysis (Unaudited)

June 30, 2022 and 2021

**Revenues, Expenses, and Changes in Net Position**

A summary of the Association's condensed operations and changes in net position for the years ended June 30, 2022, 2021 and 2020, is presented below:

*Condensed Statements of Revenues, Expenses and Changes in Net Position*

	2022	2021	2020
Total operating revenues	\$ 17,636,965	\$ 16,656,565	\$ 16,721,708
Net claims	16,896,300	11,045,437	13,303,770
Other operating expenses	5,262,153	5,110,156	4,940,079
Nonoperating revenues, net:			
Net investment income	1,173,966	1,510,912	2,374,579
Other income	14,442	7,278	15,249
Increase (decrease) in net position	(3,333,080)	2,019,162	867,687
Total net position, beginning of year	72,528,761	70,509,599	69,641,912
Total net position, end of year	\$ 69,195,681	\$ 72,528,761	\$ 70,509,599

**Revenues**

During fiscal year 2022, the Association had an increase in total operating revenues of \$980,400, approximately 5.9% higher than the prior year. This increase substantially resulted from the following items: (1) a 2.8% decrease in rates (or decrease in premium) in the state of Iowa by the National Council on Compensation Insurance (NCCI), (2) a 6.1% increase due to member growth and changes in experience modification factors, (3) a 3.0% increase due to changes in member payrolls. The premium was insufficient to cover claims, net of reinsurance recoveries, and other operating expenses for the year.

During fiscal year 2022, nonoperating revenues, net, decreased by \$329,782 from the prior year as a result of lower investment income due to lower average investment balances and low interest rate environment. There were net unrealized losses in fiscal year 2022 of \$9,100 compared to net unrealized losses of \$16,061 in fiscal year 2021 on U.S. government agencies. The Association has worked on receiving the highest possible investment return while following the guidelines of the investment policy and the *Code of Iowa* Section 12B.10 Public Fund Investment Standards. In fiscal year 2022, interest rates remained low following the trends started with the COVID-19 pandemic and only slight improvement.

**IOWA MUNICIPALITIES WORKERS'  
COMPENSATION ASSOCIATION**

Management's Discussion and Analysis (Unaudited)

June 30, 2022 and 2021

During fiscal year 2021, the Association had a decrease in total operating revenues of \$65,143, approximately 0.4% lower than the prior year. This decrease resulted from the following items: (1) a 5.3% decrease in rates (or decrease in premium) in the state of Iowa by the National Council on Compensation Insurance (NCCI), (2) a 4.2% increase due to member growth, (3) a 0.7% increase due to changes in member payrolls and changes in experience modification factors. The premium was sufficient to cover claims for the year, net of reinsurance recoveries.

During fiscal year 2021, nonoperating revenues, net, decreased by \$871,638 from the prior year as a result of lower investment income due to lower average investment balances and low interest rate environment. There were net unrealized losses in fiscal year 2021 of \$16,061 compared to net unrealized gains of \$24,002 in fiscal year 2020 on U.S. government agencies. The Association has worked on receiving the highest possible investment return while following the guidelines of the investment policy and the *Code of Iowa* Section 12B.10 Public Fund Investment Standards. In fiscal year 2021, interest rates remained low following the trends started with the COVID-19 pandemic.

*Expenses*

During fiscal year 2022, the Association had higher net claims due to unfavorable development in claim and IBNR reserves compared to the prior year. Total net claims during fiscal year 2022 were \$16,896,300 as compared to \$11,045,437 during the previous fiscal year. This was an increase of \$5,850,863 or 53.0%.

During fiscal year 2022, other operating expenses increased 3.0% or \$151,997, over the previous fiscal year. This was due mainly to the development of a software portal for the Association.

During fiscal year 2021, the Association had smaller net claims due to more favorable development in claim and IBNR reserves compared to the prior year. Total net claims during fiscal year 2021 were \$11,045,437 as compared to \$13,303,770 during the previous fiscal year. This was a decrease of \$2,258,333 or 17.0%.

During fiscal year 2021, other operating expenses increased 3.4% or \$170,077, over the previous fiscal year. This was due mainly to the development of a new website for the Iowa Municipalities Workers Compensation Association.

Management's Discussion and Analysis (Unaudited)

June 30, 2022 and 2021

**Capital Assets**

As of June 30, 2022, 2021 and 2020, the Association owns mainly computer equipment and software for capital assets:

	2022	2021	2020
Equipment	\$ 295,128	\$ 276,779	\$ 344,818
Software	430,616	402,941	354,505
Total	725,744	679,720	699,323
Less:			
Accumulated depreciation—equipment	(281,958)	(270,650)	(328,675)
Accumulated depreciation—software	(321,880)	(278,227)	(344,088)
Capital assets, net	\$ 121,906	\$ 130,843	\$ 26,560

Capital asset purchases during fiscal years 2022 and 2021 were \$46,024 and \$121,981, respectively, which included new computers, monitors, software and software licenses. More detailed information and relevant disclosures on capital asset activity are found in Note 4 to the financial statements.

**Requests for Information**

This financial report is designed to provide a general overview of the Association's finances for all those with an interest. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Accounting Department, Iowa Municipalities Workers' Compensation Association, 500 SW 7th Street, Suite 101, Des Moines, IA 50309.

### Noncash investing and financing activities:

During the years ended June 30, 2022 and 2021, the Association recognized a net unrealized loss on investments of \$(9,100) and \$(16,061), respectively.

During the years ended June 30, 2022 and 2021, the Association recognized its unrealized share of the net earnings on its investment in a mutual capital reinsurance company in the amounts of \$823,872 and \$707,599, respectively.

See notes to financial statements.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies

**Nature of organization:** Iowa Municipalities Workers' Compensation Association (the Association) was formed in July 1981 under Chapter 28E, Code of Iowa, to allow Iowa cities to join together to comply with provisions of Chapter 87, Code of Iowa, by pooling the risks of their workers' compensation liabilities. In 1987, the 28E Agreement forming the Association was amended to allow Iowa counties to become members. The Association is governed by a nine-member Board of Trustees of city and county officials elected by the members. The Association's general objectives are to formulate, develop, and administer, on behalf of the member political subdivisions, a program of joint self-insurance to stabilize costs related to members' workers' compensation liabilities. Program components include claims management, member education, and loss control services.

Membership in the Association is limited to Iowa cities, counties, Chapter 28E entities, and other political subdivisions subject to approval in writing by the Board of Trustees or their designee; a member may withdraw from the Association at any time by complying with the rules of the Association. Annual premiums are determined by using applicable standard rates for the exposure to risk and applicable experience modification factors of the NCCI. Each member may be subject to additional premiums to pay its pro rata share of claims, when they exceed the Association's resources available to pay such claims.

**Basis of presentation:** The financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America (U.S. GAAP).

The Association consists of funds designated as the Standard Group (formerly, Group C), the Large Deductible Group (Group E) and the Chapter 411 Group (Group G). Group A remained in existence only for the settlement of the remaining claims and monies held in the fund, which was liquidated December 31, 1996. Group B remained in existence only for the settlement of the remaining claims and monies held in the fund, which was liquidated June 11, 2003. Standard and Large Deductible Group membership consisted of 361 cities, 80 counties and 92 Chapter 28E entities for 2022 (unaudited).

Operating revenues and expenses include activities that have characteristics of exchange transactions. Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as investment income.

**Cash and cash equivalents:** The Association considers all highly liquid debt instruments purchased with an original maturity of three months or less to be cash equivalents.

**Restricted cash and cash equivalents/deposit payable:** The Association received a cash deposit from the cities of Fort Dodge, Marion, Ottumwa, Dubuque, Iowa City, and Oskaloosa for third-party claims administration services for their Chapter 411 claims. Pursuant to an agreement between the Association and the cities of Fort Dodge, Marion, Ottumwa, Dubuque, Iowa City, and Oskaloosa, the cash will be returned when the term of the agreement expires. Due to the cash deposits being refundable, the cash is restricted and included in deposit payable on the statements of net position. These agreements are renewed annually, and these funds are not available for unrestricted use by the Association.

**Investments:** Securities issued by U.S. government agencies are reported at fair value, which is based on comparable market prices in active markets as available. The Association also invests in nonnegotiable certificates of deposit, which are carried at cost and held to maturity. Investments with a maturity date within one year of the statement of net position date are reported as current in the statements of net position. Interest income is recognized on an accrual basis. Realized gains and losses on the investments are recognized on a specific-identification basis and are reported with unrealized gains and losses as net investment income within nonoperating revenues.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

**Capital assets:** Capital assets, consisting primarily of computer equipment and software, are stated at cost less accumulated depreciation. The capitalization threshold for capital assets is \$500 or greater. Depreciation for capital assets is computed using the straight-line method. Equipment and software are depreciated over a three-year estimated useful life, while furniture (equipment) is depreciated over a five-year estimated useful life.

**Unpaid claims:** The Association provides liabilities for unpaid claims based upon the undiscounted aggregate case basis estimates for losses reported and estimates of unreported losses based upon past experience, modified for current trends. Losses are reported net of amounts recoverable from subrogation.

Also, included in the liability for unpaid claims are undiscounted estimates of incurred but not reported (IBNR) losses based on historical experience as estimated by an independent actuary. The Association provides liabilities for loss adjustment expenses by estimating future expenses to be incurred in settlement of the claims provided for in the reserve for losses.

Management believes that the provisions for losses and loss adjustment expenses at June 30, 2022 and 2021, reflect management's best estimate of the ultimate net losses and loss adjustment expenses. Since the provisions are necessarily based on estimates, the ultimate liability may be more or less than such provisions and could be material.

**Reinsurance:** Premiums, losses, and loss adjustment expenses subject to reinsurance are presented separately in the statements of revenues, expenses and changes in net position. Amounts recoverable from reinsurance are presented on a gross basis on the statements of net position.

**Advanced premiums:** Advanced premiums represent amounts received in advance from members for the upcoming year's policies. The Association's policy coverage period coincides with its fiscal year, and as such, these amounts reflected on the statements of net position at the end of each fiscal year are recognized as income in full in the subsequent year.

**Premium and income recognition:** Premiums are recognized ratably over terms of the respective policies. Unearned premiums are computed on a daily pro rata basis over the terms of the policies and are stated after deduction for reinsurance placed with other insurers. The policy coverage period for participating members runs consistent with the fiscal year, hence all premiums are fully earned over the course of the year, and no amounts remain unearned at the statement of net position date.

**Income taxes:** The Association is a governmental risk pool and under various Internal Revenue Service rulings, similar organizations have been determined to be exempt from income taxes. It is, therefore, management's and their counsel's belief that the Association is also exempt from income taxes. As such, the financial statements do not include a provision for federal or state income taxes.

U.S. GAAP requires management to evaluate tax positions taken by the Association and recognize a tax liability if the Association has taken an uncertain position that more likely than not would not be sustained upon examination by the Internal Revenue Service. Management has analyzed the tax positions taken by the Association, and has concluded that as of June 30, 2022 and 2021, there are no uncertain positions taken or expected to be taken that would require a recognition of a liability or disclosure in the financial statements.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

---

#### Note 1. Summary of Significant Accounting Policies (Continued)

**Use of estimates:** The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Pending accounting standards:** The Governmental Accounting Standards Board (GASB) has issued several standards that are not yet effective for the Association. Management has reviewed the pending accounting standards and has determined that they either do not apply to the Association or do not impact the Association's financial statements.

**Subsequent events:** The Association has evaluated the effects of events that have occurred subsequent to June 30, 2022 and through October 24, 2022, which is the date its financial statements were available to be issued.

#### Note 2. Investments

The Association, as prescribed by the Code of Iowa, is governed by the "prudent person rule." This rule requires that an investment be made with care, skill, prudence, and diligence, under the circumstances then prevailing, that a prudent person acting in a like capacity and familiar with such matters would use in the conduct of an entity of a like character with like aims. Within the "prudent person" framework, the Board of Trustees has adopted investment guidelines for the Association's investment program.

The Association is authorized by statute to invest public funds in obligations of the U.S. government, its agencies, and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Trustees and the Treasurer of the State of Iowa; prime eligible bankers' acceptances; certain high-rated commercial paper; perfected repurchase agreements; certain registered and open-end management investment companies; and certain joint investment trusts.

The investment policy prohibits investments in reverse repurchase agreements, futures and option contracts, and common or preferred stock.

Certificates of deposit have been classified as investments in the financial statements as their original maturity was greater than three months. All of the Association's certificates of deposit are covered by the Iowa Sinking Fund.

# Iowa Municipalities Workers' Compensation Association

## Notes to Financial Statements

### Note 2. Investments (Continued)

As of June 30, 2022 and 2021, the Association's portfolio of investments measured at fair value included the following:

	2022			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
U.S. government agencies	\$ 90,560	\$ 7,847	\$ -	\$ 98,407

	2021			
	Amortized Cost	Gross Unrealized Gains	Gross Unrealized Losses	Estimated Fair Value
U.S. government agencies	\$ 108,896	\$ 16,947	\$ -	\$ 125,843

As of June 30, 2022 and 2021, the Association's investments also included certificates of deposit carried at a cost of \$42,858,298 and \$43,796,692, respectively.

As of June 30, 2022, the Association had the following maturities on its investments based on contractual terms:

Investment Type	Fair Value	Investment Maturities (In Years)			
		Less than 1	1-5	5-10	More than 10
U.S. government agencies	\$ 98,407	\$ -	\$ -	\$ -	\$ 98,407

As of June 30, 2021, the Association had the following maturities on its investments based on contractual terms:

Investment Type	Fair Value	Investment Maturities (In Years)			
		Less than 1	1-5	5-10	More than 10
U.S. government agencies	\$ 125,843	\$ -	\$ -	\$ -	\$ 125,843

The Association had \$18,334 and \$1,689,173 in proceeds related to the paydowns and calls of U.S. government agencies for the years ended June 30, 2022 and 2021, respectively.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

---

#### Note 2. Investments (Continued)

Net investment income consisted of the following for the years ended June 30, 2022 and 2021:

	2022	2021
Interest income	\$ 359,371	\$ 824,124
Earnings in investment in NLC Mutual Insurance Company	823,872	707,599
Change in gross unrealized gains	(9,100)	(16,061)
Realized gains	643	1,789
Realized losses	(820)	(6,539)
	<u>\$ 1,173,966</u>	<u>\$ 1,510,912</u>

**Credit risk:** State law, as well as the Association's investment policy, limits investments in commercial paper to the top two ratings issued by nationally recognized statistical rating organizations. As of June 30, 2022 and 2021, the Association had no investments in commercial paper. As of June 30, 2022 and 2021, obligations of U.S. government agencies were rated AAA by Standard & Poor's and by Moody's Investors Services. Obligations of the U.S. government or obligations explicitly or implicitly guaranteed by the U.S. government are not considered to have significant credit risk.

**Custodial credit risk:** For an investment, custodial credit risk is the risk that, in the event of the failure of the counterparty, the Association will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investment securities are exposed to custodial credit risk if the securities are uninsured, are not registered in the Association's name, and are held by either the counterparty or the counterparty's trust department or agent but not in the Association's name. As of June 30, 2022 and 2021, management believes that there is minimal custodial credit risk in the Association's investment portfolio.

The Association's bank balances (cash deposits) at June 30, 2022, totaling \$61,371,378, and certificates of deposit, totaling \$42,858,298, are covered entirely by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The Association's bank balances (cash deposits) at June 30, 2021, totaling \$59,896,201, and certificates of deposit, totaling \$43,796,692, are covered entirely by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

#### Note 2. Investments (Continued)

**Concentration of credit risk disclosure:** The Association is guided by Chapter 12B of the Code of Iowa and policy as approved by the Board of Trustees in the selection of investment securities. As of June 30, 2022 and 2021, the carrying value of the Association's investments with the following issuers represented 99.9% or more of the total investments held:

	2022	2021
U.S. government agency securities:		
Government National Mortgage Association (GNMA)	\$ 53,906	\$ 73,137
Federal National Mortgage Association (FNMA)	44,501	52,706
Certificates of deposit:		
US Bank	10,000,000	6,283,690
MidWestOne Bank	10,000,000	-
Bank Iowa	8,578,107	7,730,724
Raccoon Valley Bank	8,508,519	4,000,000
Freedom Financial Bank	2,500,000	-
Northwest Bank	2,174,549	9,132,251
Community Bank of Oelwein	1,097,123	3,064,043
Luana Savings Bank	-	3,067,159
United Bank of Iowa	-	5,242,963
Lincoln Savings Bank	-	3,217,642
First American Bank	-	2,058,220

**Interest rate risk disclosure:** While the Association attempts to mitigate risk to credit exposures by monitoring our investment portfolio and investing in high-quality securities and limiting concentrations with financial institutions, interest rate risk exists. Increases and decreases in market interest rates can affect the fair value of our investments. In general, the yield realized on new investments generally increases or decreases in direct relationship with interest rate changes while the fair value of our fixed income portfolio generally increases when interest rates decline and decreases when interest rates rise. The Association attempts to mitigate this risk by maintaining a portfolio duration that matches our expected cash flows when considered in combination with our overall underwriting philosophy.

#### Note 3. Reinsurance and Subsequent Event

The Association has maintained reinsurance agreements for the years ended June 30, 2022 and 2021. Effective July 1, 2012, the Association entered into reinsurance agreements with two carriers, Safety National Casualty Corporation (Safety National) and NLC Mutual Insurance Company (NLC), with each carrier taking a layer of reinsurance. As of June 30, 2022 and 2021, the specific limit of indemnity was unlimited per occurrence in excess of \$850,000, subject to a \$2,000,000 per occurrence sublimit for employers' liability for the members. NLC covers the first \$650,000 in excess of \$850,000 with Safety National taking the remaining risk per occurrence. As of July 1, 2006, the Association entered into a reinsurance agreement with Safety National Casualty Corporation with a specific limit of indemnity unlimited per occurrence in excess of \$750,000, subject to a \$2,000,000 per occurrence sublimit for employers' liability. Prior to July 1, 2006, the Association retained a reinsurance agreement with NLC. As of June 30, 2006, the specific limit of indemnity was unlimited per occurrence in excess of \$500,000, subject to a \$4,500,000 per occurrence sublimit for employers' liability for the Standard Group. Subsequent to year-end, the Association renewed its reinsurance agreements and increased its retention limit from \$850,000 to \$1,000,000 effective July 1, 2022.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

---

#### Note 3. Reinsurance and Subsequent Event (Continued)

At June 30, 2022 and 2021, the Association had estimated recoverables from reinsurers on paid and unpaid claims amounting to \$3,402,027 and \$3,134,274, respectively.

The accompanying financial statements reflect the Association's changes in net position net of related reinsurance. To the extent that any reinsuring companies are unable to meet their obligations under the reinsurance agreements, the Association would remain liable to the insured. The Association attempts to mitigate reinsurance risk by checking the creditworthiness and rating of the reinsurers, if available. Also, during the years ended 2022 and 2021, the Association used a layered approach to reinsurance using two reinsurers to each take separate layers of the specific limits.

Under prior year reinsurance agreements with NLC, there was a requirement that a certain level of capital contributions be maintained based upon the amount of premiums written by the Association. NLC credits the Association's capital contribution with an allocation of NLC's statutory earnings (loss) included in investment income. These contributions are reflected in other assets in the accompanying statements of net position. The Association has elected to maintain the capital contribution with NLC whether or not there is a reinsurance agreement. For 2022 and 2021, investment gain from NLC was \$823,872 and \$707,599, respectively, and has been included as a component of net investment income (see Note 2).

#### Note 4. Capital Assets

A summary of changes in capital assets for the year ended June 30, 2022, is as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets, at cost:				
Equipment	\$ 276,779	\$ 18,349	\$ -	\$ 295,128
Software	402,941	27,675	-	430,616
Total capital assets, at cost	679,720	46,024	-	725,744
Less accumulated depreciation:				
Equipment	(270,650)	(11,308)	-	(281,958)
Software	(278,227)	(43,653)	-	(321,880)
Total accumulated depreciation	(548,877)	(54,961)	-	(603,838)
Capital assets, net	\$ 130,843	\$ (8,937)	\$ -	\$ 121,906

#### Note 4. Capital Assets (Continued)

A summary of changes in capital assets for the year ended June 30, 2021, is as follows:

	Beginning Balance	Additions	Deletions	Ending Balance
Capital assets, at cost:				
Equipment	\$ 344,818	\$ 3,518	\$ (71,557)	\$ 276,779
Software	354,505	118,463	(70,027)	402,941
Total capital assets, at cost	699,323	121,981	(141,584)	679,720
Less accumulated depreciation:				
Equipment	(328,675)	(13,532)	71,557	(270,650)
Software	(344,088)	(4,166)	70,027	(278,227)
Total accumulated depreciation	(672,763)	(17,698)	141,584	(548,877)
Capital assets, net	\$ 26,560	\$ 104,283	\$ -	\$ 130,843

#### Note 5. Management Agreement With Affiliate

The Association has a management agreement with the Iowa League of Cities (the League), an affiliate. Under the agreement, the League is responsible for managing and administering the services performed by the Association. The agreement is subject to termination by either party upon six months' written notice. During the years ended June 30, 2022 and 2021, management fees of \$1,924,500 and \$1,969,500, respectively, were incurred and reported as a component of general and administrative expenses. As of June 30, 2022 and 2021, fees of \$8,745 and \$11,985, respectively, were due to related parties and were included in accounts payable and other accrued expenses on the statements of net position.

The Association has an additional management agreement with the League that provides for an institutional value fee. The fee will continue for future years. Under the agreement, the League provides the Association with its membership lists and information, makes advertising space available in its publications, promotes the Association to League members, and provides opportunities for the Association to promote the program. The agreement is subject to termination by either party upon six months' written notice. During the years ended June 30, 2022 and 2021, fees of \$167,846 and \$140,920, respectively, were incurred and reported as a component of general and administrative expenses.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

---

#### Note 6. Unpaid Claims Liabilities

As discussed in Note 1, the Association establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim expenses. The following table represents changes in those aggregate liabilities for the Association during the years ended June 30, 2022, 2021 and 2020:

	2022	2021	2020
Unpaid claims at beginning of year, net of reinsurance recoverable of \$3,134,274 and \$3,093,923 as of June 30, 2021 and 2020	\$ 31,941,640	\$ 31,681,630	\$ 28,947,780
Incurred claims, net of reinsurance:			
Provision for insured events of the current year	16,020,157	12,535,425	12,414,025
Increase (decrease) in provision for insured events of prior years	876,143	(1,489,988)	889,745
Total incurred claims	16,896,300	11,045,437	13,303,770
Reinsurance recoveries received	-	460,767	98,255
Payments:			
Claims attributable to insured events of the current year	(3,867,946)	(4,122,475)	(3,223,604)
Claims attributable to insured events of prior years	(9,025,483)	(7,123,719)	(7,444,571)
Total payments	(12,893,429)	(11,246,194)	(10,668,175)
Unpaid claims at end of year, net of reinsurance recoverable of \$3,402,027 and \$3,134,274 as of June 30, 2022 and 2021	\$ 35,944,511	\$ 31,941,640	\$ 31,681,630

During the year ended June 30, 2022, the increase in provision for insured events from prior years was mainly attributable to increased claim severity for the 2020-2021 policy year.

During the year ended June 30, 2021, the decrease in provision for insured events from prior years was mainly attributable to favorable development on most policy years.

## **Iowa Municipalities Workers' Compensation Association**

### **Notes to Financial Statements**

---

#### **Note 7.     Annuities**

During the years ended June 30, 2022 and 2021, there were no annuities purchased in a claimant's name to fund future payments to such claimant. In prior years, the Association purchased several annuities in claimants' names to fund future payments to these claimants. Under the arrangements, the Association pays the premium to the unaffiliated insurer and the obligation for future payments is transferred under the annuity contract. As a result, the Association believes that there is no material contingent liability related to these annuities. Accordingly, as of June 30, 2022 and 2021, the outstanding value of the annuity settlements of \$2,494,548 and \$3,109,217, respectively, have not been reported as assets or as liabilities on the statements of net position.

#### **Note 8.     Fair Value Measurements**

The Association categorizes financial instruments into three levels of fair value hierarchy based on the priority of inputs used in determining fair value. The hierarchy defines the highest priority inputs (Level 1) as quoted prices in active markets for identical assets or liabilities. The lowest priority inputs (Level 3) are the Association's assumptions about what a market participant would use in determining fair value such as estimated future cash flows. In certain cases, the inputs used to measure fair value may fall into different levels of the fair value hierarchy. In such cases, a financial instrument's level within the fair value hierarchy is based on the lowest level of input that is significant to the fair value measurement. The Association's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the financial instrument. The Association categorizes financial assets and liabilities recorded at fair value in the statements of net position as follows:

- Level 1:** Quoted prices are available in active markets for identical financial instruments as of the reporting date. The Association does not adjust the quoted price for these financial instruments, even in situations where the Association holds a large position and a sale could reasonably impact the quoted price.
- Level 2:** Quoted prices in active markets for similar financial instruments, quoted prices for identical or similar financial instruments in markets that are not active; and models and other valuation methodologies using inputs other than quoted prices that are observable.
- Level 3:** Models and other valuation methodologies using significant inputs that are unobservable for financial instruments and include situations where there is little, if any, market activity for the financial instrument. The inputs into the determination of fair value require significant management judgment or estimation. Financial instruments that are included in Level 3 are securities for which no market activity or data exists and for which the Association used discounted expected future cash flows with the Association's assumptions about what a market participant would use in determining fair value.

The Association has analyzed the valuation techniques and related inputs, evaluated its assets and liabilities reported at fair value, and determined an appropriate fair value hierarchy level based upon trading activity and the observability of market inputs.

## Iowa Municipalities Workers' Compensation Association

### Notes to Financial Statements

---

#### Note 8. Fair Value Measurements (Continued)

The following tables present the estimated fair value of the Association's financial instruments subject to fair value measurement disclosures at June 30, 2022 and 2021:

	2022			
	Total Fair Value	Level 1	Level 2	Level 3
U.S. government agencies	\$ 98,407	\$ -	\$ 98,407	\$ -

	2021			
	Total Fair Value	Level 1	Level 2	Level 3
U.S. government agencies	\$ 125,843	\$ -	\$ 125,843	\$ -

The fair values of U.S. government agencies are based on prices from a third-party pricing service based on market observable information such as market quotes for similar assets, as well as normal market pricing considerations such as duration, interest rates, and prepayment assumptions. There were no transfers between fair value levels during the years ended June 30, 2022 and 2021.

The fair value estimates presented herein are based on pertinent information available to management as of June 30, 2022 and 2021. Although management is not aware of any factors that would significantly affect the estimated fair value amounts, such amounts have not been comprehensively revalued for purposes of these financial statements since that date, and current estimates of fair value may differ significantly from the amounts presented herein.

**IOWA MUNICIPALITIES WORKERS'  
COMPENSATION ASSOCIATION**

Notes to Required Supplementary Information Ten-Year Claims Development Information (Unaudited)

June 30, 2022

The table illustrates how the Association's earned revenues (net of reinsurance) and investment income compare to related costs of loss and other expenses assumed by the Association as of the end of each of the past 10 years (in thousands). The rows of the tables are defined as follows:

1. This line shows the total of each fiscal year's gross earned premiums and reported net investment income, amounts of premiums ceded, and net earned premiums (net of reinsurance) and net investment income.
2. This line shows each fiscal year's other operating costs of the Association including overhead and claims expense not allocable to individual claims.
3. This line shows the Association's incurred claims and allocated claim adjustment expense (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year).
4. This section of 10 rows shows the cumulative amounts paid (net of reinsurance recoveries received) as of the end of successive years for each policy year.
5. This section of 10 rows shows how each policy year's net incurred claims increased or decreased as of the end of successive years. This annual reestimation results from new information received on known claims, reevaluation of existing information on known claims, as well as emergence of new claims not previously known.
6. This line compares the latest reestimated net incurred claims and expense amount to the prior period's reestimated net incurred claims and expense and shows whether this latest estimate of claims cost is greater (less than) previously thought.

As data for individual policy years mature, the correlation between original estimates and reestimated amounts is commonly used to evaluate the accuracy of net incurred claims currently recognized in less mature policy years. The columns of the tables show data for successive policy years.

Note: In March 1997, GASB issued GASB Statement No. 31, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, which requires certain investments be reported at fair value instead of at cost. Fiscal years later than 1997 reflect the new standards consistent with the audited financial statements. Historical accounting records prior to 1997 were not kept in accordance with these standards. Accordingly, periods prior to 1997 are not comparable with fiscal years 1998 through 2007. IMWCA will continue to prepare future financial information consistent with the new standards.

In fiscal year 2003, the Government Finance Officers Association suggested that depreciation expense be shown as a separate line item on the statement of operations. This has been restated for years 2002 to current, but prior year records were not kept in accordance and thus depreciation expense is included in the general and administrative line item.

### Workers' Compensation – Combined

# IOWA MUNICIPALITIES WORKERS' COMPENSATION ASSOCIATION

Claims Frequency Graphs (Without Events)

As of June 30, 2022

## Workers' Compensation – Group B

## Workers' Compensation – Standard Group (C)

IOWA MUNICIPALITIES WORKERS' COMPENSATION ASSOCIATION  
Claims Frequency Graphs (Without Events)  
As of June 30, 2022

**Workers' Compensation – Large Deductible Group (E)**

**Endorsement – Chapter 411 Group**

\*In fiscal year 1997, Group B members became members of the Standard Group.

\*In fiscal year 2001, a claims software conversion was completed.

\*In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities now belong to the Standard Group and will show on the Standard Group financial statements.

\*In fiscal year 2012, IMWCA began tracking Chapter 411 claims separately. The claims of the Chapter 411 group add into the total combined claims. The number of members for Chapter 411 does not add into the total members. All Chapter 411 members also purchase workers compensation coverage with IMWCA so counting the Chapter 411 members in the total would be duplicating those members.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 1996, claims were brought in-house with the purchase of claims management software. Due to the conversion of data from the third-party administrator to the in-house claims management software, claim counts are not available before fiscal year 1996.

In fiscal year 2001, a claims software conversion was completed. During the conversion, staff found claims in year 1989 that actually belonged to the Standard Group instead of Group B and were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities now belong to the Standard Group and will show on the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During the conversion, staff found claims in year 1989 that actually belonged to the Standard Group instead of Group B and were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities now belong to the Standard Group and will show on the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During the conversion, staff found claims in year 1989 that actually belonged to the Standard Group instead of Group B and were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities now belong to the Standard Group and will show on the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 2001, a claims software conversion was completed. During conversion, staff found Group B year 1989 claims belonging to the Standard Group which were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities are shown in the Standard Group financial statements.

In fiscal year 1996, claims were brought in-house with the purchase of claims management software. Due to the conversion of data from the third-party administrator to the in-house claims management software, claim counts are not available before fiscal year 1996.

In fiscal year 2001, a claims software conversion was completed. During the conversion, staff found claims in year 1989 that actually belonged to the Standard Group instead of Group B and were moved accordingly.

In fiscal year 2003, the Board approved the closing of Group B. Group B paid the Standard Group \$251,000 in exchange for the Standard Group taking over all claim liabilities and administration of the remaining Group B claims. Group B continues to be tracked but all liabilities now belong to the Standard Group and will show on the Standard Group financial statements.

**Independent Auditor's Report on Internal Control over Financial Reporting  
and on Compliance and Other Matters Based on an Audit of Financial Statements  
Performed in Accordance with Government Auditing Standards**

Board of Trustees  
Iowa Municipalities Workers' Compensation Association

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the financial statements of Iowa Municipalities Workers' Compensation Association (the Association), which comprise the statement of net position as of June 30, 2022, and the related statements of revenues, expenses and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 24, 2022.

**Report on Internal Control over Financial Reporting**

In planning and performing our audit of the financial statements, we considered the Association's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Association's internal control. Accordingly, we do not express an opinion on the effectiveness of the Association's internal control.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

**Report on Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the Association's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Association's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Association's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
